HOW TO CREATE AN INFOGRAPHIC IN 5 MINUTES

This page teaches you how to create a Piktochart infographic in 5 minutes (6 steps). Also check our [Resources \(http://www.piktochart.com/resources\)](http://www.piktochart.com/resources) page for Piktochart videos and ebooks, as well as other tips on infographic creation!

STEP 1: LOGIN AND SELECT A THEME

You can also narrow down the choices of the themes using the “categories” filter.

STEP 4: DRAG AND DROP.

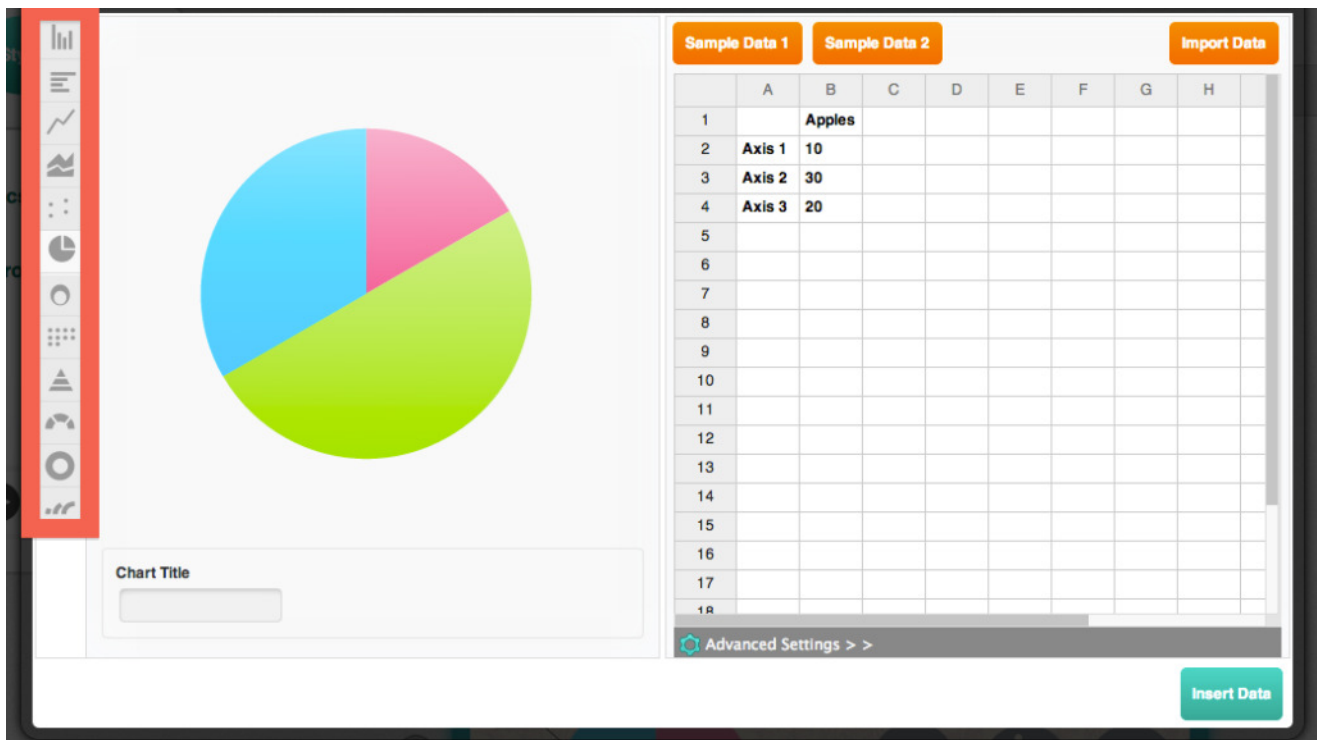

Reposition some blocks of texts or images if you do not need them.

STEP 5: UPLOAD DATA VISUALIZATION.

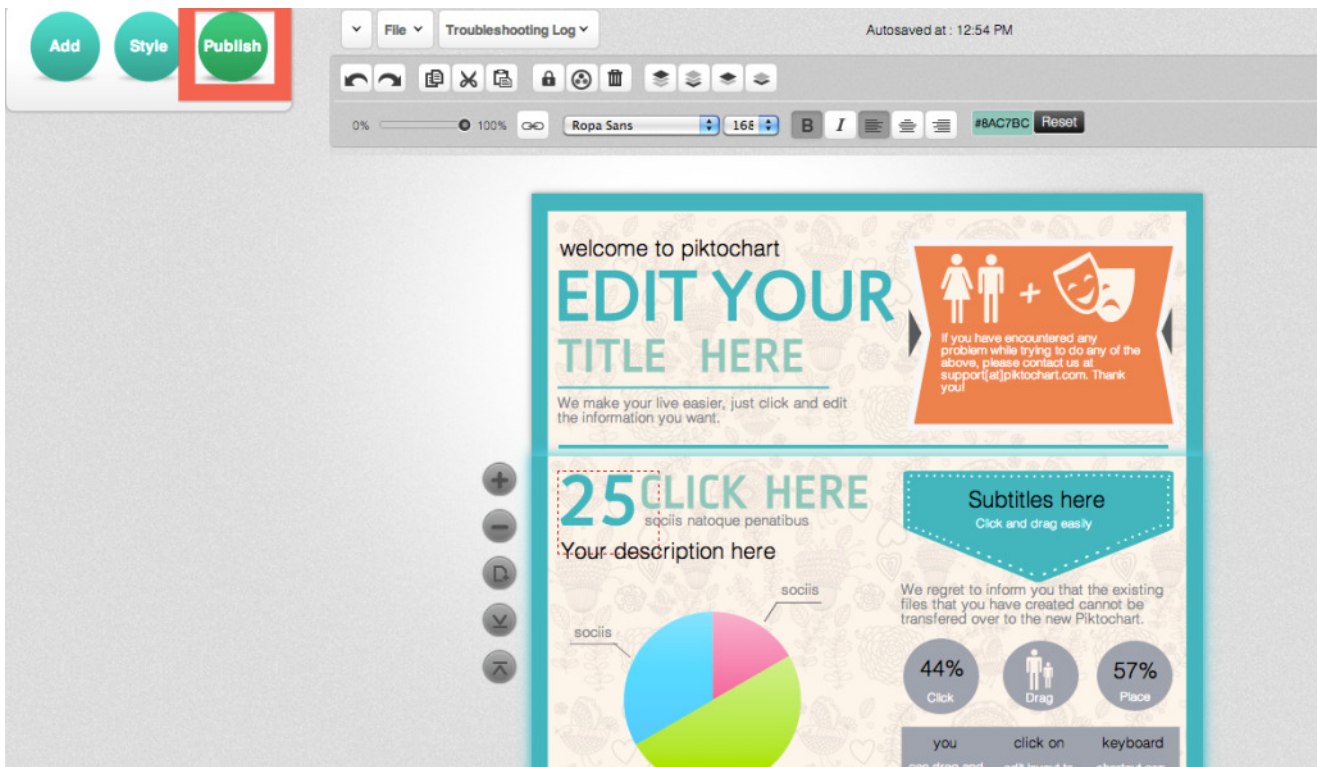

You can either click on the data visualization tab under 3-> tools -> Data visualization (Charts icon) and manually key in some data or upload a CSV file (export from Excel).

STEP 6: SAVE AND EXPORT.

You can export it as Image, publish in HTML or embed as an iframe. Also, don't forget to publish and share to your social networks.
